

# Deutsche Bank Secure Authenticator

How to Activate Multiple DBSA Devices

## How to activate multiple devices

This user guide will provide an overview on how to activate an extra DB Secure Authenticator device. Please note that a user can only have one Hardware Token and multiple soft token ID's.

-Hardware Token not ready to be offered by DB China

### Step 1:

- Using a computer login to <https://autobahn.db.com/login>
- Click Register Security Device

Autobahn

Password Or DB Secure Authenticator Or SecurID

G&D Smart Card Or Vasco Digipass Token Or 3SKey

**Unauthorised Access Warning:** Access to this service is prohibited unless authorised. Accessing programs or data unrelated to your job is prohibited.

Step 3:

— Using new DBSA device, follow activation process

The screenshot shows the 'Autobahn' web interface. On the left, under 'Activation Code', there is a QR code and a 'Validate' button. Below it are input fields for 'First activation code' and 'Second activation code', with 'Cancel' and 'Continue' buttons at the bottom. On the right, under 'Login Modes', there is a grid of security options: Password, DB Secure Authenticator, SecurID, G&D Smart Card, Vasco Digipass Token, and 3SKey. A 'User' dropdown menu is positioned above the grid.

For any further information, please do not hesitate to contact your Electronic Banking Helpdesk team in Deutsche Bank.

This document is for information purposes only and is designed to serve as a general overview regarding the services of Deutsche Bank AG and/or any of its branches and affiliates. The general description in this document relates to services offered by Global Transaction Banking AG and/or any of its branches and affiliates, which may be subject to change in the future. This presentation and the general description of the services are in their nature only illustrative, do neither explicitly nor implicitly make an offer or advice and therefore do not contain or cannot result in any contractual or non-contractual obligation or liability of Deutsche Bank AG and/or any of its branches affiliates.

Deutsche Bank AG is authorized under German Banking Law (competent authorities: European Central Bank and German Federal Financial Supervisory Authority (BaFin)) and in the United Kingdom, by the Prudential Regulation Authority and if applicable, local competent authorities. It is subject to supervision by the European Central Bank and the BaFin, and to limited supervision in the United Kingdom by the Prudential Regulation Authority and the Financial Conduct Authority and if applicable, local competent authority. Details about the extent of our authorization and supervision by these authorities are available on request.
